

Call for Applications

European Pain School 2010

Translating Pain Science into Pain Medicine

30 May - 6 June 2010

University of Siena

Certosa di Pontignano, Siena, ITALY

Topics

Pain and neuronal hyperexcitability
Genotype and predisposition to pain
Targeting pain at the molecular level
From pathomechanisms to treatment and prevention of pain

Pain, stress, hormones, and the immune system
Neuropathic pain and ion channel dysfunction
CNS pain processes, glia, and disinhibition
Networks and molecules by neuroimaging
Ethics of pain research

Scholars

Young scientists at the Ph.D. or postdoctoral levels in all fields of pain science and medicine are encouraged to apply.

Applications

Exclusively online at www.EuropeanPainSchool.eu

Deadline 28 February 2010

School Board

Anna Maria **Aloisi** • Marshall **Devor** • Manfred **Zimmermann**
